Salomine Young probably died prior to the 1900 census. Each of her children was found in the 1900 census, with the exception of Anna. Salomine was a recent widow and might have been expected to be living with one of her daughters or perhaps one of her sons. She wasn't found to be living with any of them. Now Anna wasn't found in the census but her occupation kept her moving among the different houses of ill repute in the city. It is doubtful that her mother was following her around.
