## Contents

- Compilation of over 700 baptism, birth, and marriage records from various County Tipperary locations, including Upperchurch, Thurles, Terryglass, Kilbarron, and several others, from the 1800s (2001).
- For Baptisms, the family group number is listed first. The baptism date is listed below the family group number. The parent names are listed below the baptism date. The arrow points to the name of the child who was baptized. The names next to the child are the child's baptism sponsors. In some cases Dr. Conan's abbreviation for the word 'sponsor' is 'spr' or 'sprs'. This arrangement of family groups on paper helped Dr. Conan deduce family connections between parents, sponsors, and children.
- For Marriages, the family group number is listed first. The marriage date is listed below the family group number. The names of the two people who married are listed below the date. Dr. Conan's abbreviation for marriage is "mar." and his abbreviation for witness to the marriage is "wt." The witnesses to the marriage are listed below the names of the husband and wife.
